ZIA MUHAMMAD

Doha, Qatar

Summary

Full Stack Software Engineer with 6+ years of experience in Laravel, React.js, Next.js, Vue.js, and building scalable systems. Proven track record delivering high-traffic media platforms such as Al Sharq News and The Peninsula Qatar, serving millions of monthly users and 85M+ yearly views. Skilled in Agile methodologies, database architecture, secure REST API development, cloud deployments, and leading cross-functional teams. Experienced in real-time applications and managing complex database migrations involving millions of records.

Experience

Key Achievements:

- Built and maintained high-traffic platforms serving 2M+ monthly users and 85M+ yearly views across major news sites.
- Migrated 12M+ records across platforms with zero data loss and seamless integration.
- Developed 30+ RESTful APIs for mobile and web apps across five industries.
- Integrated secure payment (CyberSource, Qpay, Sadad, Stripe) and SMS (Ooredoo, Twilio) gateways.
- Delivered React Native hybrid apps for news, e-commerce, and food delivery.

Dar Al-Sharq Group, Doha, Qatar.

Full Stack Software Engineer / Dec 2020 – Present

- Designed and developed high-traffic platforms using Laravel, React.js, Next.js, Vue.js.
- Managed scalable MySQL/Maria-DB/PostgreSQL/SQLServer databases for media content and archival systems.
- Wrote reusable RESTful APIs for mobile apps and third-party integrations.
- Migrated millions of records with APIs ensuring consistency and performance.
- Led software lifecycle phases: SDLC, Agile methodologies, code reviews, and deployment.
- Collaborated with UI/UX teams for cross-platform responsive design.
- Research and implement new technology stacks.
- Design and prepare technical documentation supporting team collaboration and operations.

- Developed full-stack web applications in Laravel, React.js, and Vue.js.
- Deployed CRM and invoicing systems for enterprise clients (Sadad, Twyla, etc.).
- Performed unit testing and system debugging to ensure stability.
- Mentored junior developers and coordinated with clients on project deliverables
